Christian Concern for our Nation - Life & Liberty Petition

We the undersigned petition the Prime Minister to Abandon the Government's opposition to the free speech protection clause in the Coroners and Justice Bill.

Preserving the sanctity of life and freedom of speech are vitally important to the preservation of liberty and good governance under the rule of law in the United Kingdom. These are under immediate threat by measures in the Coroners and Justice Bill. We the undersigned, therefore, petition HM the Queen, the Prime Minister and the Leader of the House of Lords to:

1. Protect the value of human life in the UK by opposing proposed amendments authorizing state-sanctioned assisted suicide; and

2. Protect freedom of speech by abandoning its opposition to the free speech protection clause currently within the sexual orientation hatred offence which preserves the right to, discuss, criticise and urge abstention from certain forms of sexual conduct.
